- <https://myflix-movie-app.netlify.app/>

Duration: May - July 2021

Meet App

This is a serverless, progressive web application (PWA) that allows users to search for a city and view a list of events of that city.

- React, TDD technique, Google calendar API, Google OAuth2 authentication, AWS lambda function, React axios, Testing using Jest and Enzyme.

Project Link

- <https://nusrat-jahan.github.io/meet>

Duration: June 2021

Chat App

Chat app is designed for mobile devices built that allows users with a chat interface and options to share images and their location.

- React Native, Gifted-Chat, Firebase

Project Link

- <https://github.com/Nusrat-Jahan/Chat-App>

Duration: July 2021

Library Management System

Developed a MySQL database using Xampp as part of my university project and ER-diagram to define the various relationships among entities. It contains Employee, Customer, Book, Loan table. It allows the user to store the book details, customer details and employee information.

- **MySQL, ER-diagram**

Duration: Dec 2014

Experience

Printing assistant

Passauer Neue presse

- Organized and stacked printing material.
- Helped with designing work schedules.
- Communicated with others for maintaining workflow.

Apr 2018 – Nov 2019

Apprentice Web Designer

SoftEvolve

- Designed and developed In-house website from photoshop documents.
- Collaborated with Graphic designer and understand the requirements from client.
- Developed skills in project management tool (Trello) and version control (Git).

Nov 2016 – Mar 2017

Education and Training

CareerFoundry

Full-Stack Web Development Certificate (Intensive Bootcamp)

Relevant coursework: React, Angular, MongoDB, NodeJS, Express etc.

Feb 2021 – Aug 2021

University Of Passau

Master's in computer science

Relevant Coursework: Insider Lab-1, Insider lab-2, Semantic technologies, Database technologies.

Oct 2017 – Dec 2018 (Incomplete)

American International University-Bangladesh

Bachelor of Computer Science and Engineering (CSE)

Relevant Coursework: Web technologies, Database management system, Data structure, Software engineering, Computer networks, Business communication.

Jan 2013 – Jan 2017

RRF institute

Web Design

Relevant coursework: HTML, CSS, Bootstrap, jQuery.

Mar 2016 – Sep 2016

Languages

Bangla, English, German (A1)
